THE AMERICAN PRESS ASSOCIATIONOLD CONSTITUTION
IMPEDIMENT TO PROGRESS

The proponents of Amendment No. 15, which is the New Constitution Amendment to be voted upon at the coming election, point out these faults in the present organic law of the state which was adopted in 1875:

It breeds waste of taxes and other public funds by barring a budget system of handling the state's finances.

It has made Missouri rank thirty-fourth in education by crippling our rural school system.

It was intended as a cure for panic conditions following the black days of '73, and has been outgrown by modern developments.

It is silent about modern problems of public health and child welfare.

It delays justice. It has built up a cumbersome and expensive court system. Under its provisions the Supreme Court is two years behind its dockets.

It bars women from being elected to state office, although they now are duly enfranchised voters.

It puts a premium upon alien voting and denies the ballot to Missouri soldiers, sailors and marines.

It makes impossible a modern, comprehensive system of highways.

It cannot be patched up. That method of trying to bring it abreast of the times has been attempted on ninety-nine different occasions. If we are to have reforms along educational lines; the judiciary, taxation, elections, good roads and state finances, we must have a revision through a Constitutional Convention, the first step toward the securing of which is to vote "yes" on Amendment No. 15 on next election day.

If you feel the whole world is against you, get in line; the world might be right about it.—The Kodak Salesman.

Dry wood delivered, Phone 2. 62tf

The value of an education lies in getting it. If too much is done for the youth he will do nothing for himself.

I know of no genius but the genius of hard work.—Cook.

NORTH PURDY

Mrs. Benton Wormington is on the sick list this week.

Mrs. John Balmas and daughter, Laura, Mildred Louise and Eula Mae and Arel Goodnight attended the Baby show at Monett, Thursday.

Ben Burg made a business trip to Rogers, Wednesday.

DR. BATES ENDORSES

NASH'S C. & P. SLAVE

Says Medical Profession Should Know About It.

"I feel like I ought to write you so that you that you can let the medical profession and the general public know that you have a preparation on the market that exceeds anything of its kind I have ever heard of."

"I have used Nash's Croup & Pneumonia Salve and I have also used similar preparations and I want to let you know that nothing that I have been able to figure out myself or buy under any other brand is half way equal to yours."

"I feel like this preparation has saved thousands of lives in and around Lake City this past fall and winter. I have kept a flannel on my chest saturated with it and have treated several hundred cases of influenza and Pneumonia and I am glad to say that I believe this preparation has prevented me from catching any of these dreadful diseases."

"I want people to know that Doctors will admit and recognize a medicine of this kind if it is a good one; besides that I want suffering humanity to be helped when it can be."

"Yours respectfully,
 "C. A. BATES, M. D.,
 "Lake City, Ark."

Nash's Salve is not patent medicine or secret nostrum. That's why doctors use and recommend it for colds, coughs, catarrh, sore throat, asthma, bronchitis, tonsillitis, influenza, pneumonia, etc. Applied externally. Full directions with each bottle. Sold by L. D. McKee, Druggist.

Accurate glasses often make a "nervous person" normal, for defective eyesight is often the true source of the affliction. It is true that not all nervous disorders are caused by eyestrain but it is an established fact that many cases are caused by the forcing of defective eyes beyond their strength. If you're nervous, come in and have your eyes tested—proper glasses probably will aid you. Moderate charges.

Make Your Kitchen the Envy of Your Friends

Surely there is no single item in the equipment of the home that is more important than your selection of the range. If it is a genuine Round Oak, not only will you be delighted, but all of your friends who are not so fortunate will envy the ease with which you

perform your culinary duties. It is the best possible servant in the house. Its over-size oven—its three-wall construction—its smooth, satiny finish which never requires blacking—all combine to recommend its selection. Choice of leg or cabinet base.

ROUND OAK
CHIEF BOILER IRON RANGE

Just come in and examine this range. Guaranteed by the Round Oak Works, famous for a half-century for making good goods only. Terms, if desired.
